The Price List for Special Services of the Jagiellonian Library

The Library provides special services and accepts payment according to the following price list:

I. Filming of the Library rooms

Regardless of the technique used, the price is determined on an individual basis by the Library Director, depending on:

- a. the type of room
- b. the difficulty of the task
- c. the type of project and the type of institution ordering the service

The minimum fee is **150 zł per hour**.

Filming of the rooms for informational purposes or for the promotion of the Jagiellonian University is allowed free of charge.

II. Room rental

The Exhibition Room (in the new building) - **200 zł (+ 23% VAT) for a period of 24 hours**

The Conference Room (in the new building):

- for institutions other than the Jagiellonian Library (JL):
 - for 4 hours - 1500 zł (+23% VAT) and for each additional hour - 300 zł (+ 23% VAT)
- for divisions of the JU:
 - for 6 hours - 500 zł and 50 zł for each additional hour

On non-working days room rental prices increase by 50%.

In individual cases prices may be negotiated, but the discount cannot be greater than 25%.

In the case of room rental for the purposes of exhibitions, displays, ceremonies, auctions etc. with the participation of the Jagiellonian Library, the prices are set by the Library Management and are reflected in the contract.

As regards the renting of areas not mentioned above (inside the building or in the grounds of the Library), prices are negotiated on an individual basis by the Library Management.

III. Loaning items for reproduction or filming

The fees range from **40 to 100 zł (€15-35) per frame**. In the case of the reproduction of the entire item (e.g. an entire manuscript or volume for the purpose of producing a facsimile or digital-medium reproduction), or when a large number of frames is required, the price is reduced. It is calculated as 10-15 % of the amount resulting from the total number of frames. The payment calculated in this way becomes the base rate.

The base rate depends on:

- a. the uniqueness of the object, its historical and artistic value
- b. the condition of the object
- c. the graphic printing technology of the item, the type of binding, etc.
- d. the reproduction technique required and the resulting degree of risk of damage to the object

The **base rate is increased** by:

- **50%** if the Library had a considerable hand in the selection, finding or presentation of the borrowed items
- **100%** if the reproduction is going to be placed on a jacket or cover, postcard or greeting card, in a calendar, on a poster etc.
- **100%** if the object is loaned for filming (regardless of the technique used)
- **200%** if the reproduction or film is going to be used for advertising

In cases where the reproduction contributes to research of considerable scholarly significance, or where it is done for the purposes of disseminating information about (or advertising) the Jagiellonian University, the Management of the Jagiellonian Library may limit or waive the fee entirely.

Persons applying for the reproduction of items in the Jagiellonian Library collections must comply with the law on copyright and related laws of 4th February 1994 (Dziennik Ustaw Nr 24).

The amount of the fee is determined by the head of the department loaning the given object. He or she can also deny permission for the loan.

No fee is required for reproducing, filming or loaning for exhibition when items are requested by:

1. libraries, archives and museums (working within the letter of the law)
2. readers working on master's, doctoral and post-doctoral (habilitation) theses
3. institutions and persons using prints, films etc. for teaching purposes
